2020 Census Faith-based Community Summit

Please join us for a summit of faith-based leaders from the seven western states to celebrate the strong and diverse coalition of faith-based partners that are working together to ensure a complete and accurate Census count in Washington. During the summit we will hear from inspirational faith-based leaders as well as discuss ongoing outreach and engagement efforts within the faith-based community.

Part of the program will include a Census Solutions Workshop which is an interactive creative and collaborative workshop to foster new partnerships and solve census challenges in your community.

As a faith-based leader you are an incredibly trusted messenger who can help educate and mobilize your congregations, colleague and communities to rise to this challenge.

Your leadership is needed to help:

- ✓ Educate and mobilize your community
- ✓ Become a local expert about the Census

The 2020 Census is less than 30 days away and it is critically important for our state's future that everyone is counted.
