

Banaan-baxa in Shaqaalaha Adeega ee Amazon ay Helaan Shaqooyin Wanaagsan

“Waxaan imaan doonaa Maarso 31; waxay ila tahay in ururadu yahiin sida kaliya oo aan xaquuq ama ixtiraam ku heli karno.”

Amazon waa shirkadda tafaariiqda ee ugu horaysa aduunka, sanadba sanadka ka danbaysana faa’iido wayn qabata, waxayna si xoogan gacanta ugu hayaan hantida ma guurtada ah ee gudaha Seattle.

Marka sidaas tahay, Amazon waa in ay shirkadaha ay qandaraaska siiso sida **Security Industry Specialists (SIS)**, ay kala xisaabtanto falalka ay ku sameeyaan bulshada Seattle. Hadda in ka badan 800 oo sargaalada amaanka suga ah; oo aan urur ku jirin – ayaa ilaaliya dadka iyo hantida Amazon – waxaana si toos ah u shaqaaleya SIS.

2015 kii, SIS waxay qirteen eedayn kaga timid ku xadgudubka sharciga magaalada ee lacag-bixinta waqtiga jirada; waxay kaloo qirteen eedayn kaga timid dowladda ee ku xadgudubka xaquuqda shaqaalaha ku samaystaan urur shaqaale; oo ka dhacday halkan saldhiga Amazon.

Taasi sax ma aha.

Sarkaalada SIS waxay si joogto ah isagu dayeen in ay gaaraan maamulka Security Industry Specialists iyo Amazon, si ay uga hadlaan xaaladdooda shaqo: mushaaro aan kordhin, eex iyo in loo arko cadaalad xumo ku salaysan diinta iyo sinjiyada dadka. Taageerayaal bulsho, kuwo diimeed iyo shaqaalaha farsamada ayaa ku biiray, laakiin wax jawaab lama siin.

Waa wakhtigii loo sheegi lahaa Amazon iyo SIS in Shaqaalaha Adeega Farsamo ay Helaan Shaqooyin Wanaagsan.
